My dear "Bain"

I thank you for your

letter. Yes, I know & sympathise
with your difficulty & I have
had tried to arrange for you
to leave at once but that it would

would be seriously against
you getting another post to
have only a one tennis record behind
you.

And now, dear, you must take
all your courage in both
hands & go back to a foot tennis
work. I need not mind you
of how much attached you
'year' was to you nor how
much affection ~~will~~ we

now, indeed, how we found it
quite easy & interesting to talk
to her! Do not think of all or
how much there is to be done or
expected after the 9th - go on
quietly with the "nexte kyngē",
talk over things frankly with
Mrs. Pownett, if difficulties
occur, ask for her help.

Tell her also, as occasion may offer, that we think a great deal of children's individual development, that they should have leisure space to grow, that the teacher should keep herself in the background to ^{remember} this end but also, that we believe in authority, this teacher must ~~not~~ use (though she may not lawfully)

The children's interest in their work will largely depend upon your own interest in it, not as compelling theirs but as inspiring with them the knowledge for which they have a natural craving.

The children, too, should play among themselves.

Sometime to time and always
want to know how you go on &
besides to tell me if there is
any way at all in which I can
help you.

You will like to know that the
new students appear to be of the
right stamp - That sort of P.T.O.S.
stamp we all require don't
we?

The House is full tall is
some pleasure.

Miss Kitching joins Miss William

My dear Brown

What a nice letter you have sent
me about your "Saints." What dear boy.
Any Mr. Christopher I can see by his
photograph needs care. He should not
have too much stimulating reading. The
hours or so a day & has in short is necessary

1822

for his health as well as for his progress - but
reading should not be his amusement out of
school hours.

Stop Mr. Gould may be able to stay
with Mrs. Dix until Ymas. Then we may
be able to send some one else. but I think Miss
Williams should know soon. Do get the 3 pamphlets
from Dr. Parrot for Mrs. Dix. She may be
able to introduce our work to the school, & so
on that will give us pleasure - Long live
